In depth knowledge and experience of baking and pastry principles. Graduated with honors

Hidden Valley High School

1998 - 2002

Relevant Experience

Book Cover Redesign Project

Designed a fictional book cover dust jacket for MeanGirls, including synopsis, author bio, and review blurbs.

Applied advanced layout, typography, and illustration principles to create a polished, print-ready design.

Integrated branding, composition, and narrative tone for a cohesive final product.

Fictional Company Branding Project

Developed a full brand identity system for a fictional athletic company, including logo, typography, color palette, and brand voice. Designed mockups for apparel, packaging, and promotional materials to demonstrate brand cohesion across touchpoints. Applied principles of visual hierarchy, typography, and consistent styling to create a strong, unified brand. Produced presentation-ready deliverables using Adobe Illustrator, Photoshop, and InDesign.

Typography for Bloggers

Developed an instructional design project teaching typography basics to non-designers. Created visual examples demonstrating hierarchy, alignment, spacing, and type pairing. Designed a cohesive educational layout using Adobe InDesign and Illustrator.

AI + Design

Compared frontier models for design tasks

tested how different models respond, where they help, and where they need human correction.

Discernment

Learned how to judge what is useful, false, generic, biased, off-brand, or worth revising.
